Commissioner Of Agriculture Conner Leads Goodwill Group To Soviet Union

AREA MEN TO TAKE EUROPEAN TOUR — Luther Jones (center), Belle Glade, and Roy Vandergriff (right), Canal Point, look over map showing the routes they take during a European farm tour with Commissioner of Agriculture Doyle Conner this month. The group will leave July 24 and return in about four weeks.

Commissioner of Agriculture Doyle Conner will lead a delegation of Florida agricultural leaders on a people-to-people goodwill tour of eight European countries, including Russia, July 26 - August 15, 1953. Countries to be visited during the tour will include Belgium, England, Poland, Hungary, Germany, Spain, Italy and the Soviet Union.

The trip will start in New York City July 26. It will be conducted under the goodwill people-to-people travel program to implement the aims and purposes of the U. S. Cultural and Exchange Program and the National People-to-People Foundation.

Conner stated that the tour would be a working mission to learn about foreign agriculture and to improve relations and understanding between America

and the people of Eastern and Western Europe.

"We will be talking with farmers and government agricultural officials in all the countries we visit," said Conner. "We will be hearing from them the reasons they do things the way and what they accomplish and we will be telling them the story of Florida's progress and what we are accomplishing under our American way of life."

Each person on the tour will be paying his own way. Cities to be visited in the countries will include Manchester, Coventry, London, Brussels, Moscow and Tbilisi in Russia, Warsaw, Budapest, Cologne, Berlin, Frankfurt, and cities in Spain and Italy.

Members of the delegation include: Luther Jones, Belle Glade and Roy Vandergriff of Canal Point.

Soviet Vessels —

Not Recognized By Navy And C. Guard

"Categorically Denied—Not Concerned"

"Controlled news," arrogant "You-Don't-Know-Who-I-Am" attitude, or just plain inefficiency and ignorance — you name it — as a Kennedy Administration characteristic is evident from the facts reported in following talk delivered by Congressman Paul Rogers before a House Committee, as reported by him.

From information which I have submitted, as well as that which has resulted from the Subcommittee's own thorough inquiry, it has been established that Soviet vessels have in recent weeks repeatedly violated U. S. territorial waters along the Florida coast.

The entire Subcommittee is to be commended for realizing the urgency of this situation. Chairman Porter Hardy is doing this nation a real service in conducting this investigation which I urged on May 20, and the gap in our coastal defenses should be closed as a result of these efforts.

Mr. Chairman, it is painfully evident that the U. S. coastline nearest Cuba is highly vulnerable. (Continued On Page 2)

Scatters Flies On Ball Heads—"Fogs" Skeeters Too!

This "hickey with a hole in it" gives off a lot of fog, and 'tis said the fumes from the distillate and poisons kill flies and mosquitoes.

The airplane engine is with its exhaust sticking out the rear of its circular housing, is a modernization of the old distillate in a jeep exhaust.

At the upper right the top of a high power pole indicates the volume of the exhaust fumes.

This contraption costs the City of Belle Glade about \$40 per hour to operate, and it takes about eight hours to completely "fog" the city. Two "overs" per week are contemplated when flies and mosquitoes are bad.

The fund — utility tax — was originally set up to dust mosquitoes and flies. This year's budget shows \$75,500, which will fog a lot.

Now, the Federal Aviation Agency doesn't allow a single-motored plane to fly over incorporated communities, and a twin-engine plane duster would cost approximately \$3,000 for a one-time over job.

So, some sort of ground vehicle must be used for economy's sake.

Previous City Managers have been informed to the point of no effective and lasting war against the pest.

This addition is borrowed from the Coca Space Center community.

This community is entitled to be practically free from flies and skeeters.

New Swim Classes Begin July 29

The present swimming classes will run until July 27. If you are interested in enrolling your children in the next session, please call WA 6-2200 before July 29.

Starting Monday, July 29, the following swimming classes will be offered — classes will run in about four weeks.

Mon. Wed. Friday

9:00 Advanced Beginner

10:00 Advanced Beginner

1:00 Beginners

1:00 Beginners

2:00 Beginners

Tuesday and Thursday

9:00 Pre-School Beginners

10:00 Intermediates

11:00 Swimmers

Saturday

10:00 Intermediates

11:00 Swimmers

Pre-Schoolers should be at least 3½ feet tall.

Anyone who is interested in taking a life saving course should call WF 6-3250.

Feeder Calf Sale Set For July 19

Sales were light at the Glades Livestock Market, on Monday due to the Feeder Calf sale on July 19. Manager R. D. Cooper announced 1500 to 1600 calves are expected for the sale.

The offering Monday was 395 cattle bringing a total of \$37,763.69 with 23 percent going to slaughter and 77 percent to stocker. 20 percent of the run

was cows with 39 percent of these slaughtered.

July 13

Slaughter: Steers 13, Heifers 4, Cows 3, Bulls 18, Calves 26, Weaners 3.

Stocker: Steers 103, Heifers 20, Cows 49, Bulls 20, Calves 110, Weaners 9.

SLAUGHTER

Steers: Uty 16.75-17.75, Cok 16.50-16.50.

Heifers: Stnd 18.50, Uty 16.00-17.00.

Cows: Uty 15.75-17.00, Cut 14.75-15.75, Cok 12.50-13.00.

Bulls: Uty 17.75-18.00, Cut 16.00-17.75, Cok 13.75-16.00.

Calves: Good 23.25-24.75, Stnd 22.00-22.50, Uty 18.00-20.00.

Weaners: Stnd 23.75, Uty 17.00-19.25.

STOCKER

Steers: Good 20.75, Med. 18.00 21.25, Com. 16.00-19.00, Inf. 13.00-15.75.

Heifers: Good 18.00-19.00, Med. 16.00-18.00, Com. 14.00-16.00, Inf. 14.00-16.00.

Cows: Good 16.00, Med. 14.00-16.00, Com. 13.00-15.00, Inf. 6.00.

Bulls: Med. 13.00-20.00, Choice 25.75, Good 22.00-24.00, Med. 19.00-24.00, Com. 16.00-20.00.

Calves 100-250 — Choice 25.75, Good 24.00-25.00, Med. 23.00-27.75, Com. 17.00-23.00, Inf. 11.00.

Schedule Change In Municipal Lake Shore Pools

The Municipal and Lake Shore Pool will close Saturday July 26 at 3 o'clock in the afternoon owing to the eclipse of the sun which we have been warned against as dangerous to the eyes. The eclipse is from 4 until 5 o'clock. Please note date and time.

Also, beginning Monday, July 22nd the pools will close at 5 o'clock each day. They will be open on Tuesday nights from 7 until 10 o'clock for the convenience of those who do not have time to use them in the daytime. This will start Tuesday, July 23rd, and will continue until the pools close in September.

Clewiston Physical Fitness Class Demonstrate For Rotarians

Rotarian Gene Fuller of Clewiston brought a group of Clewiston youngsters from 6 to 10 years of age who are participating in a Physical Fitness program directed by Fuller this summer at Clewiston.

The program is carried out under rules of AAU and participants are not competing with each other, but each against himself on a point system.

The summer's program offers reward to those with high point scores through participation in a celebration to be held at the end of the season.

Winners In Races Announced

Awards Day Ends Rec. Program

During the array of wheelbarrow races, sack races, crab races, potato races and relay last Friday, July 12, forty-three boys and girls carried off first prizes in what proved to be the most fun of any special event so far in the summer Educational Enrichment Program at Municipal Park.

All the participants chose partners for the first race, the WHEELBARROW and a bar of fun ensued. First place winners in the 6-7 years old division were Hector Velez and Max Harrell, Twila Berryhill, Sammy Velez, Kathy Carlin, Jimmy Godwin, Herbert Geise and Roxanne Caldwell. This was followed by the funniest event of all the DOUBLE SACK RACE with two in each sack after tumbling falling and tripping, the winners were Dalton Davis and Arnold Anderson; Josie LeGardi and Phyllis Caldwell; Junior Clause and Harney Reynolds; Thoma Scrives and Sharon Kieckhefer; Eddie Jimerson and Steve Kirchman.

In the second event, a spoon was used to carry a potato, no hands allowed to touch potato. This was lots of fun and those winning first prize were Josie LeGardi, Mike Rudy, Downing Davis, Dale Godwin, Emilio Bohave, Kathy Phillips, Steve Kirchman and Rosanne Caldwell.

Next came the funny SACK RACE. After tumbling head over heels several times finally coming in to win first place in the various age groups were Max Harrell, Twila Berryhill, Sammy Velez, Kathy Carlin, Jimmy Godwin, Herbert Geise and Roxanne Caldwell. This was followed by the funniest event of all the DOUBLE SACK RACE with two in each sack after tumbling falling and tripping, the winners were Dalton Davis and Arnold Anderson; Josie LeGardi and Phyllis Caldwell; Junior Clause and Harney Reynolds; Thoma Scrives and Sharon Kieckhefer; Eddie Jimerson and Steve Kirchman.

There will be singles and doubles competition on a scratch basis. The singles play will consist of nine games while doubles will be three games. In addition, there will be a friendship doubles event in which each Latin American will be teamed with a Miamian.

Entry blanks from North and South America, bearing the names of national bowling champions, have been received for the first annual Invitation Amateur Bowling Tournament of the Americas to be held here July 25-28.

There will be singles and doubles competition on a scratch basis. The singles play will consist of nine games while doubles will be three games. In addition, there will be a friendship doubles event in which each Latin American will be teamed with a Miamian.

This weeks special event will be held Monday through Thursday of next week. Contest will be run for four age groups in the following activities: ping pong, shuffleboard, croquet, checkers, badminton, chess, tennis, high jump and broad jump.

As a FINAL ACTIVITY, on awards program will be held July 25 Thursday afternoon at 2:00. Silver dollars will be presented to the tournament winners and to park participants in various other areas.

Smooth Tires-Wet Road Cause Crashes Auto Safety Belt Use Is Emphasized

Smooth tires, on it's rear wheels apparently caused a car driven by M. W. Franck, age 72, of 2431 Delmar Ave. Ft. Lauderdale, to slide in uncontrolled circular paths on US No. 27, 12.1 miles south of South Bay, Florida at 1:45 p. m. Sunday afternoon.

Headed south, reports indicate that the car changed directions through a turning and east ward motion to slap against a tree along the canal banks and lose the righthand front door. The bump against the tree pointed the car westward, with the movement of the car eastward and into a second tree.

The trunk and rear of the body cupped around the tree and Mr. Franck was thrown to a stop with Mr. Franck thrown to the back seat of the car.

Mrs. Franck's safety belt kept her from being rolled around and injured other than bruises from the belt and somehow a fracture of the pelvis bone.

Mr. Franck's condition is pronounced serious at Belle Glade Memorial Hospital.

Dr. Soto, the attending physician, states that the wreck is

statements of mother and son indicate that a trailer headed north splashed water on to Mr. Franck's windshield and eliminating his view of the road.

Steering or braking, or may be both, apparently caused the skidding and uncontrolled gyrations, aided by the smooth tires and wet roadway.

The Franck's were returning to Ft. Lauderdale after picking up the son from a summer camp

Glades Smokes-In \$20,673 In Taxes For Month Of June

The Glades is \$20,673 richer for the month of June on taxes collected for cigarette sales, according to the Beverage Department.

Clewiston received \$3,564, Pahokee \$3,889, South Bay \$2,037 with Belle Glade benefiting to the tune of \$11,183.

Commencing July 1st the cigarette tax was upped 60 percent, so that Belle Glade's budgeted share for next year should be close to \$160,000.

The Schlitz Fishing Contest is given credit for useful information concerning the home life and roaming habits of the Red Fish.

The local pseudo-scientist studying piscatorial behavior offers this picture of a "roaming Lake Okeechobee Bass that got caught," — at Ft. Myers Beach.

The "thing" IS a fish, it's BIG and has the general shape of a bass — it has no Schlitz tag.

Those interested in further study of the subject may contact Curtis Slade — he has other "tall and big-uns."

Farmers Production Credit Serves Diversified Agriculture Of SE Fla.

The bees and the birds, the pigs and the calves, the goats and the hay, the milk and the sugar, the turkeys and the citrus, the citrus and fruit (25 varieties of table vegetables, flowers and even the sod for your front yard, are among the agricultural items farmers-owned self-sustaining, tax-paying FPCA serving nine southern Florida counties.

The farm credit idea, originated by that famous South Carolinian, Asbury F. Lever — chairman of the House Committee on Agriculture, has paralleled its activities to those of the Federal Housing Administration, but with the FPCA's bureaucratic and purile politeness in serving the little man.

Borrower-owned and operated makes it flexible to "in the field needs" of the borrower; integrity, ability and self-help stand alongside material security.

Government sponsored and advised, FPCA finds its way financially through the maze of private capital, in a chain of responsibility from the cabbage and cane field to the lender's table and security vault.

The Miami unit of FPCA covers the field from "sitewells" and scrub palmettos" and the loamy soils and Okeechobee muck to the coral of South Dade in agricultural production credit.

The FPCA of Miami has a record of usefulness growth, and financial stability over several

decades, presently reflecting a 65 percent liquidity of its farmer-owned capital and surplus of \$2,197,361.

An amount of money now used by farmers has grown 65 percent since a comparative period of '62, to \$5,500,730, and projected for the six-month period have increased by one-third to \$40,502.

Government has functioned "by the people for the people" in FPCA; its conceived functions have not been abetted by political opportunists, nor long-haired "do-gooders."

Such a record of function by "captain" status is a story to carry to the Russian people; it's a story for every American to contemplate.

Barbecue Supper Friday To Benefits Little League

The Annual South Bay Little League supper for the benefit of the teams will be held at Jeffries Memorial Park in South Bay on Friday night from 6:00 p. m. till 11 p. m.

The supper will be a barbecue. Ribs with all the trimmings. The charge will be \$1.25 for adults.

and 75c for children. The beverage and desserts will be extra. Tickets may be secured from Clayton Waters at Waters Senior Station or from Thomas Williams and Floyd Wilder.

Let's have a large group of people out to help sponsor South Bay Little League Benefit.

Don't Look Directly At Eclipse July 20

The Florida East Coast Optometric Association today warned against viewing the impending solar eclipse on July 20 with the naked eye.

The eclipse will be full or partial, depending upon the viewer's area. From Alaska to Maine, the eclipse will be total. A partial one will occur over the rest of the nation.

Observers should not use telescopes, binoculars, sunglasses or any other type of glasses to see the eclipse, the Florida Association said. Dr. David Houghton, Palm Beach president, advised the use of neutral density filters or the construction of a simple viewing aid.

Permanent retinal damage and blindness have been reported after eclipses in the past. In 1959, 170 Australians suffered partial loss of central vision after watching an eclipse for a few seconds. Complete blindness was reported in 21 cases in Utah in 1960.

Unfortunately, there is no immediate hint of danger. First symptoms of damage to the eye may come several hours or a

day after the exposure. It causes a change in the shape of objects and the injured person sees with a reddish tint.

If you want to view the eclipse, Dr. Houghton suggested the use of a pinhole device which avoids the harmful infrared rays. It can be made by punching a clean hole with a pin through a piece of cardboard.

The viewer should turn his back to the sun, hold the pinched cardboard over one shoulder and let the sun rays come through the hole onto another piece of white cardboard. The sun's image is thus reflected on the white cardboard with no damage to the viewer's eyes.

Dr. Houghton emphasized that no attempt should be made to view the eclipse through the pin hole itself. It simply intensifies the damage.

Boys Staters Elect

John Causey Senator

Notices comes out of Tallahassee that John Causey is elected a County Commissioner and to the Senate from one of the eight counties won in the work.

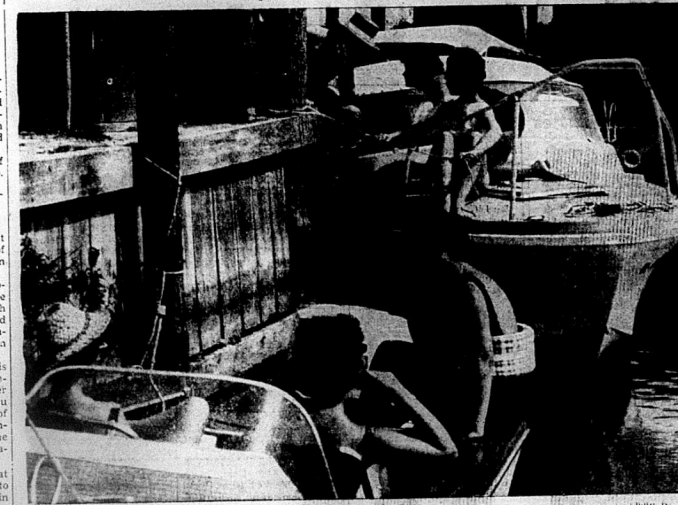

An American Legion Boys State Legislature was elected and among those who will be on hand to observe the first day of its session Thursday will be 17 young military men from foreign countries who are taking basic flight training at Fort Rucker.

The young men, most of them officers, represent many friendly countries over the world. The suggestion that they visit Boys State was made to Army Secretary Cyrus Vance by Adm. Drumm of Bonifay, a Boys State counselor who also is civilian aide for Florida to the secretary of the army. The Army's Aviation Center is at Ft. Rucker.

This will be the first time Boys State has been used as a vehicle for introducing such groups to American government in operation, Drumm said. The group will arrive aboard a Caribbean plane at 9 a. m. Thursday, accompanied by Capt. Banks, Allied liaison officer, and will go directly to the site where the newly elected Boys State Legislature will have begun its two-day session.

At luncheon in Florida State University's Suwannee Room each of the 17 visiting airmen will be guests of one of the 17 mayors of Boys State. The visiting group also will observe the activities of Boys State, make a tour of the capitol center and have their picture made by the Florida Development Commission before leaving at 4 p. m. Thursday.

Rainbows And Grand Worthy Advisor Celebrate Founders Day At M. Haven

READY FOR BOAT TRIP — Rainbows are shown in two of the boats docked at Slim's Camp before taking off across Lake Okechobee for Moore Haven where they celebrated Founders Day. In the first boat are guests L. R. Niles, Grand Service of West Palm Beach; Kathy Hoke, Grand Dill Leader from Stuart and Linda Rockwell, from Assembly No. 1 Belle Glade. In the other boat are L. J. Ann Nelson Grand Religion, from Ft. Pierce; Gennie Roth grand Love of Hollywood and Margie Townsend, Belle Glade.

Twenty three Rainbow Girls including the Grand Worthy Advisor Bonnie Griffin of Pensacola, who with the above officers, made her official visit to the Belle Glade Assembly, joined in the celebration of Founders Day at Moore Haven. Four boats manned by Mr. Schlechter, Mr. DeGraw, Mr. Beeks and Mr. Winterrowd also Mrs. A. B. DeGraw, grand deputy, with the Rainbows aboard left the Belle Glade dock at 9:30 a. m. last Wednesday. Girls on two of the boats enjoyed

skiing on the way to Moore Haven. On arriving in Moore Haven, the group of approximately 75 including Rainbows from Cleveland, Belle Glade and Moore Haven had a luncheon in a park near the lake. Everyone enjoyed picking, swimming and skiing during the afternoon.

Motoring back some of the girls did more skiing and all the boats reached the Belle Glade docks around 5 o'clock. Every one had a marvelous outing and a day to remember.

Raising Pigs Lively 4-H Projects

There is never a dull moment for 4-H boys and girls enrolled in a swine project. There's lot to learn and plenty of action with pigs.

As a matter of fact, sometimes the animals come in for as much attention and recognition as their owners. One 4-H junior championship pig, Tip Top Topper by name, appeared on a Chicago television show during the National 4-H Pig Congress last year.

Its owner, Bruce Brown, 20, was state and national 4-H swine program award winner from Indiana, who with his father raises purebred Chester White hogs on their 420-acre farm in Tippecanoe county. The success of their hog business, according to young Brown, is due to scientific know-how and the up-to-date methods used.

Through 4-H, Brown has learned about proper feeding, breeding and marketing. He reports that his Chester Whites have brought record high prices. Brown, like hundreds of other 4-H members, is a junior leader. He says, he finds it very

rewarding to inspire and help younger boys.

While Brown enjoys being a winner himself, he is a good loser. He told of the time he sold one of his pigs to a neighbor boy at a very cheap price to get the job started in a much needed money-making project.

The boy showed the pig in competition with one of Brown's own Chester Whites at the county fair. The neighbor's pig walked off with the champion ribbon.

Said Brown, "I felt good about losing to this young fellow."

And so it is with scores of other young 4-H farmers "learning-by-doing" to raise and sell the best meat-type hogs.

To Cooperative Extension Service leads the way by providing research information, scientific facts and other assistance.

The Moorman Mfg. Co., of Quincy, Ill., gives assistance to the program by annually providing county, state and national awards.

The six national 4-H swine scholarships have been increased this year from \$400 to \$500 each. The state award winner will attend the National 4-H Club Congress at Chicago, Dec. 1-5, with all expenses paid by Moorman.

Soviet Vessels Not Recognized By Navy

(Continued From Page 1)

able to penetration by these vessels. For example, one Soviet vessel PASSED WITHIN 2 MILES OF THE HOMES USED BY THE PRESIDENT DURING HIS WINTER STAYS IN PALM BEACH, FLORIDA.

Another Soviet vessel crossed a zone marked on published U. S. nautical charts as restricted military area prohibiting anchorage for vessels of more than 12 foot draft. That area surrounds the U. S. Naval Ordnance Test Laboratory at Port Everglades, Florida.

When I first received reports of Soviet vessels in our waters on May 14, the day astronaut Yuri Gagarin was sent to go into orbit from Cape Canaveral, I contacted the White House, the Departments of State and Defense, the Washington headquarters of the Navy and the Coast Guard, as well as the field headquarters of these services.

Despite my fear that the trawlers were in the Cape Canaveral area to monitor the Cooper spaceflight, I assumed that our intelligence network was such that my inquiries would be immediately and substantially answered.

This was not the case. The Coast Guard said that the presence of Soviet vessels inside our 2 mile limit was "categorically denied." A spokesman in the Office of the Chief of Naval Operations stated that "the fact that the Navy was not concerned should indicate that there was no reason for me to be concerned."

I was shocked at these reactions because I had assumed, along with millions of other Americans, that U. S. defenses were in their highest state of alertness nearest our own shores.

What are the operations of the Soviet trawlers? Writing in the Navy publication PROCEEDINGS, Commander Bernard K.

sel states that the trawler fleet is used for purposes ranging from commercial fishing to outright espionage.

The use of Soviet trawlers to receive low frequency radio messages broadcasts by Soviet agents stationed along our coast is a distinct possibility. The FCC advises me that low frequency broadcasts of a range small enough to go undetected on land could be amplified for longer range when beamed over the ocean from points near a beach.

Trawlers could be used to monitor U. S. Space flights from Cape Canaveral and Wallops Island, Virginia. NASA says that trawlers could also be used to menace electronic communications during our space flights.

Presumably these vessels would be interested in the variety of electronic communications which pass between U. S. Naval and Air Force operations in the Caribbean and the Atlantic, as well as the entire eastern coast of the United States.

It has been suggested that Soviet ships entering our waters may be due to the U. S. Coast and Geodetic Survey publication U. S. COAST PILOT.

This was not the case. The Coast Guard said that the presence of Soviet vessels inside our 2 mile limit was "categorically denied." A spokesman in the Office of the Chief of Naval Operations stated that "the fact that the Navy was not concerned should indicate that there was no reason for me to be concerned."

I was shocked at these reactions because I had assumed, along with millions of other Americans, that U. S. defenses were in their highest state of alertness nearest our own shores.

What are the operations of the Soviet trawlers? Writing in the Navy publication PROCEEDINGS, Commander Bernard K.

which recommends that vessels, using the gulfstream to Cuba should steer inland between Jupiter, Florida, and to a point just south of Miami. This suggested route would put any vessel inside the 3 mile limit.

However, I am sure the Subcommittee would agree that the existence of this recommendation is not a valid excuse for allowing Soviet vessels to pass through our waters.

And whatever the purposes these Soviet vessels have in this hemisphere, it to allow them an interest to it to them to continue their operations as they have.

I am sure the Subcommittee agrees that our coastline should be afforded the same protection we now have from Soviet violations of our airspace.

In addition to the extensive aerial defense network we have, the U. S. against Soviet air attack, this government presently has safeguards against non-military Soviet flight into this country.

The Federal Aviation Agency tells me that any Soviet flights entering the U. S. would have to be cleared in advance, must show the estimated arrival and departure times, the purpose and destination of the trip, and in some cases must even allow U. S. officials to board prior to entering the U. S.

These seem to be the same logical safeguards which should be extended to Soviet flagships.

Mr. Chairman, on September 17, 1963, the House Armed Services Committee approved a special report, House Report 73, which urged that measures be taken to strengthen U. S. defenses in the southeastern United States. The Committee clearly had Cuba in mind, and the report's timeliness is startling in view of last October's missile crisis. The wisdom, perception, and alertness of the Committee is anticipating the dangers of the Soviet military buildup in Cuba are commendable. I ask the Committee today to exercise the same wisdom in stressing our shoreline defenses in order that they too will match the degree of preparedness we have against air attack.

Mr. Chairman, the House has just approved some \$47 billion in Department of Defense appropriations. This \$47 billion is to provide for this nation's defense in all parts of the world. Yet how effective will these expenditures be if Cuban-based Russian ships are free to operate in our own backyard?

The Subcommittee's investigation into the need for an overall defense tightening along the Florida coast. This investigation particularly points up the need to end the use of Cuba as a base of communist operations in this hemisphere.

Mt. Zion A. M. E. Church

Most Successful Bible School Closes

"Christ's Way, My Way" was the theme of the Mt. Zion A. M. E. Church's Vacation Bible School which ended recently. The ten-day school was under the direction of Mrs. Mercedes M. Robinson, who studied religious education at Fisk University and also took special courses in religious education at Scarritt College in Nashville. Tennessee. Mrs. Robinson was at one time social worker and director of religious activities for a large defense workers' project and the St. Thomas Methodist Church in Franklin, Pa.

The school marked a most successful two weeks with 112 pupils enrolled and with an average daily attendance of 76. There were six departments.

A commencement program climaxed the closing of the school on Friday evening. Each department presented a program of songs, recitations and plays.

Ex-Pinboy To Compete Against Top Latin Bowlers In Miami Tourney

Bus Oswalt, of Hartford City, Ind., one of the nation's top amateur bowlers, has just been named to represent the United States in the first annual Invitational Bowling Tournament of the Americas July 25-28 in Miami. He will face champions from throughout Latin America in the ABC, WIBC and FIQ (Federation Internationale des Quilleurs)-Sanctioned event. — MIAMI METRO NEWS BUREAU PHOTO.

A 27-year-old ex-pinboy who drives 115 miles each week to bowl has been named to represent the United States in the first annual Invitational Bowling Tournament of the Americas here July 25-28.

Bus Oswalt, of Hartford City, Ind., winner of the All-Events

682 in team competition. Oswalt is the second bowler to be announced by Lee Evans, Miami-Metro News Bureau Manager, who will serve as Tournament Director. Earlier, Lorraine Painter, of Cameron, Mo., was named to represent U.S. Amateur women.

Eliminations are being held throughout Latin America to select national representatives for the tournament, which is sanctioned by ABC, WIBC and the FIQ (Federation Internationale des Quilleurs), international counterpart of the ABC. The FIQ has pledged that representatives from Mexico, Uruguay, Puerto Rico, Venezuela, Argentina, Colombia, Chile and Peru will participate in the event, which is sponsored by the City of Miami and Metropolitan Dade County. It will consist of singles and doubles scratch competition plus a friendship doubles event in which each Latin American will be teamed with a Missian.

Evans said Oswalt, who has been bowling for 14 years, "looks like the heavyweight in the tournament. He's the top amateur in the country."

Oswalt bowls in one league in Hartford City, a town of about 9,000 population, and in

another in Fort Wayne, for a 115-mile round trip each week. "Apparently all that driving doesn't affect his bowling," said Evans, who pointed out that Oswalt carries a 200 average in his home town and 202 in Fort Wayne. "He's won both the Hartford City and Fort Wayne titles many times."

Oswalt's highest single game was 290, in unsanctioned competition, and his highest set in league action last year was 763. "I've never been to Miami, but, boy, am I looking forward to it!" said Oswalt, who was featured on the cover of the May issue of Bowling Magazine.

The father of two girls (ages 5 and 3), said he was "happy to hear" from Evans that the South Americans "are very good bowlers."

"He's a real competitor," said the tournament director. Evans and his assistants have traveled 30,000 miles and visited 12 countries promoting the

tournament and arranging for national eliminations. While in Miami recently, Frank A. Baker, executive secretary of the ABC, praised Evans for his work on the Tournament of the Americas and said his effort eventually may aid in a move to include bowling in future Olympic Games.

"One of the problems, of course, is the amateur status of the competitors and the coming tournament in Miami shows how it can be worked out," said Baker.

An Atomic Energy Commission depository library on the University of Florida campus, is one of two located in the state and contains over \$1,000 authoritative documents from the AEC. The library serves Florida industry and University personnel working in the fields of medicine, agriculture, engineering and physical sciences and the biological sciences.

New Minister And Wife Welcomed

Open House was held Sunday, July 14, 7-9 p. m. at the home of Rev. J. Paul and Mrs. Vondraacks, the new minister of the Everglades Presbyterian Church, welcoming them to our community.

Those in the receiving line were the Vondraacks, Mr. and Mrs. Robert Lamer, Mr. and Mrs. C. E. Crichtfield and Mr. C. D. McClure.

Refreshments of cake, coffee, and punch were served from a lace covered table with pink candles and pink crepe-myrtle centerpiece. Those serving were Mrs. Harold Brough, Mrs. David Motes, Mrs. John Kinlaw and Mrs. Jack Whitlock.

Mrs. W. N. Martin and Mrs. I. L. Price were in charge of the good book. This book was made by Mrs. Martin, beautifully covered with white taffeta and lettered in silver, to be given to the Vondraacks.

Sermon Topics

FIRST BAPTIST CHURCH - "Overcoming Difficulties" will be the Sunday morning topic of Rev. Luther A. Key, pastor at both services. In the evening his subject will be "The Road to Poverty."

SOUTHSIDE CHURCH OF CHRIST - At the 10:45 worship service the sermon topic "What Have They Seen in Thine House?" will be brought by Roscoe Knight. His subject at the evening service 7 p. m. will be "The New Hypocrites."

FIRST BAPTIST CHURCH OF SOUTH BAY - Rev. James E. Smith will bring the morning message "Come Live With Us; For Good." His message at the evening service will be "The Oath" Matthew 5:33-48.

BELLE GLADE CHURCH OF CHRIST - "Divine Prescription" will be the morning sermon topic of Harry Darrow, Jr., evangelist. His sermon at the evening service will be on "Christian Involvement."

COMMUNITY METHODIST CHURCH - In the absence of Rev. Roland for the next two weeks, Dr. Harry D. Henry, retired minister from Lake Worth will bring the sermons. In July 21 he will speak on the sermon topic "Destiny Lies in Ideas" at the morning service and at the evening service on "Life Left-Overs."

The Truth Shall Make You Free

The Belle Glade Church of Christ, 125 N. W. Avenue D, invites you to listen to the following Radio sermons. The program is heard each Saturday at 10:45 on WSWN.

July 27 - Calling on the Name of the Lord.
August 3 - Found to Be Sins.
August 10 - Let's Put First Things First.

August 17 - The Power of Singing.
August 24 - The Churches of Christ Salute You (Rom. 16:16).

HOW CHRISTIAN SCIENCE HEALS

WEEK 1808 Sunday 1808

"OVERCOMING DISCORD AT HOME AND AT WORK"

Today's Meditation

Read Matthew 10:5-11

Freely ye have received, freely give. (Matthew 10:8).

We generally think of an ambassador as one who serves in a foreign country. However, anyone who feels that he is commissioned to help spread the gospel or impart God's love to others can be an ambassador for God in his own home.

An elderly invalid, confined to her home, would jokingly say, "This old rocking chair is my means of transportation." She would add, "I have a mission, even though I am unable to go beyond my own threshold."

Because of her wonderful personality many people, including children, loved to visit her. They went to her with their joys and their problems and came away with a feeling of gain.

She always managed to inject into her conversation a few words about God's blessing. His greatness, and His love. Thus she inspired others to nobler thinking and better living. She was an ambassador of God's love in her home.

PRAYER: Dear Father, we feel humble when we think of many of Thy children who have triumphed over great difficulties to help in Thy work. Forgive us for sometimes taking the easy path. Help us to be more resolute in our purpose to be ambassadors of Thy love. In Jesus' name we pray. Amen.

THOUGHT FOR THE DAY
Our mission is to impart God's love.
Beulah Buntin Stiers (Kansas)

Chapel By The Lake Called America's Most Beautiful Outdoor Worship Area

The beautiful new Chapel By The Lake of the First Baptist Church of West Palm Beach recently opened with 2500 persons attending and several hundred were not able to worship in the new Chapel.

The Chapel overlooks the Intracoastal Waterway in the heart of the downtown area. Dr. Jess Moody, pastor who has supervised the construction of the new Chapel, calls it America's most beautiful outdoor worship area. The congregation attending the service heard the 100-plus voice choir with orchestra under the direction of Jack Day.

The 1,686 seat Chapel, the first of its type in America, has many features that set it apart from any other worship area. There are no steps in the chapel and all aisles are 6' wide with 40" between each row of seats. The Chapel's Baptistry is reputed to be the world's largest. The Baptistry is 62' by 12' and was designed with a dual purpose. When not in use, it may be drained and used as a large orchestra pit for religious dramas, concerts, etc. Rising out of the Baptistry is a New England Preaching Pew.

The floral gardens and landscaping around the Chapel include over 700 trees of 3 varieties, and 1100 linear feet of hedges with 34,000 square feet of sod. Complimenting the landscape is the Fountain of Living Waters and the Explanade of States with reflection pool.

The 400 feet of walkways within the Chapel, called "Sinner's Walk," are dedicated to religious liberty. Plaques imbedded in the cement show the names of Baptists who have contributed greatly to the religious liberty that is enjoyed in the United States today.

High comedy! They may not be actresses, but they're accomplished mimics.

Yet as I eavesdrop on their little game of pretending - well, as a mother, I'm just a bit frightened. How readily they pick up our characteristic poses and attitudes - always exaggerating to an extent - trying to be more like us than we are ourselves.

Then I remember the day John and I made that thoughtful decision to join the Church and raise our children in a Christian home. What a difference it is making in our children's lives.

There's no harm in youngsters imitating adults - so long as the adults they imitate are worth imitating!

IMITATION ADULTS

ALL FOR THE CHURCH THE CHURCH FOR ALL

The Church is the greatest force for the building of character and good citizenship. It is a source of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every child should attend service regularly and support the Church. They are: (1) For his own sake. (2) For the children's sake. (3) For the sake of the Church itself, which needs the moral and material support. Plan to go to church regularly and read your Bible daily.

There's no harm in youngsters imitating adults - so long as the adults they imitate are worth imitating!

Joyce Hood Is Bride Of Gary Lynn

Miss Joyce Marie Hood of Belle Glade and Gary Dean Lynn of Belle Glade were united in marriage at 2 p. m. July 7 at the First Independent Mission Baptist Church of Chosen. The double ring ceremony was performed by Rev. E. L. Johns.

The bride is the daughter of Mrs. Helen Watson, city, and the bridegroom is the son of Mr. and Mrs. Herman Lynn, city.

Miss Linda Hood sister of the bride was maid of honor in a blue chiffon over blue tulle dress with an accented blue lace bodice. She carried a bouquet of pink carnations.

The bride given in marriage by her cousin John Dillon of Riviera was a floor length gown of white lace and net over bridal satin, designed with a bodice of lace with a round neckline. The long sleeves came to a point at the wrist and her only jewelry was a pair of tear-drop earrings. She carried a bouquet of white carnations.

Gene Morrison, best friend of the groom served as best man and Ronald Shurley and Bobby Davis were ushers.

For her daughter's wedding, Mrs. Watson wore a blue dress with white accessories. Mrs. Lynn mother of the groom wore a pink dress. Both wore bouquets of pink sweetheart roses.

The reception was held at the church with Mrs. Lois Glisson, Mrs. Irvin Glisson, Mrs. Homer Books and Mrs. Clyde Shurley serving. Miss Doris Spence lent the bride's book.

The three tiered wedding cake with traditional bride and groom was served with punch, nuts and mint.

The couple following a wedding trip is making their home at 901 West Lake Rd., Belle Glade.

Hayes-Ulm

Wedding Vows

Spoken June 30

Mr. and Mrs. Will K. Ulm have returned from a vacation and wedding trip to Georgia and Alabama for two weeks and are now residing in their new home 108 N. W. Ave. J.

The couple was united in marriage Sunday, June 30 at 6 o'clock p. m. in the First Baptist Church of South Bay at 5:00 p. m. on Wednesday, Rev. James A. Fenton, pastor, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Wm. Siler of Ft. Lauderdale, and the bridegroom is the son of Mr. and Mrs. Willard Pershing Mobley of Belle Glade.

The bride wore a white lace over white satin circular neck wedding dress, with a white veil with a headpiece of pearls. She carried a bouquet of red roses and white carnations.

Guests present were: Miss Linda Hart, Mrs. J. E. Hart, Mrs. Neil E. Hart, Mr. and Mrs. Monroe M. Mobley and Mrs. W. P. Mobley all of Belle Glade, and Mrs. Wm. Siler of Ft. Lauderdale.

Siler-Mobley

Vows Exchanged

Miss Shirley Ann Siler of Ft. Lauderdale and Willard Duane Mobley of Belle Glade were united in marriage at the First Baptist Church of South Bay at 5:00 p. m. on Wednesday, Rev. James A. Fenton, pastor, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Wm. Siler of Ft. Lauderdale, and the bridegroom is the son of Mr. and Mrs. Willard Pershing Mobley of Belle Glade.

The bride wore a white lace over white satin circular neck wedding dress, with a white veil with a headpiece of pearls. She carried a bouquet of red roses and white carnations.

Guests present were: Miss Linda Hart, Mrs. J. E. Hart, Mrs. Neil E. Hart, Mr. and Mrs. Monroe M. Mobley and Mrs. W. P. Mobley all of Belle Glade, and Mrs. Wm. Siler of Ft. Lauderdale.

CORRECTION

Mr. and Mrs. J. T. Boynton of Pahokee were in Alaska and saw the two news items about former Belle Glade residents, not (Barbara) Mrs. John Oetman, as appeared in the Herald last week.

Accompanied the Boyntons were Mr. and Mrs. Louis Friend

Garden Club Plans

Year Book For 63-64

Ten members of the Belle Glade Garden Club met at the home of Mrs. Sara Smith president, Thursday for a business meeting.

The group planned the new yearbook for 1963-64.

Following the meeting the hostesses served refreshments.

Swim-Supper Party

Held At C. J. Aspey's

The Business and Professional Women's Club accepted the hostess duties at the C. J. Aspey and enjoyed a poolside party Monday evening.

Following a refreshing splash and swim party at 6:30 p. m. all enjoyed a covered dish supper including fried chicken and the trimmings plus homemade ice cream.

After the social part of the evening, members held a brief business meeting and discussed plans for the coming year. Mrs. Gladys Jones, new president, presided.

Guests were Mrs. and Mrs. Aspey, Mrs. Frances Roiz, Mrs. Dorothy Hayes, Mrs. Ronald Jones, Mrs. E. Hart, Mrs. Ruth McCallister and Debbie Jones, granddaughter of Mrs. Audrey Jones, from Hattiesburg, Miss. Members present were Mrs. Gladys Jones, Mrs. Juanita Croft, Mrs. Rosa Nash, Mrs. Dorothy Hayes, Mrs. Kathleen Livingston, Mrs. Audrey Jones, and Mrs. N. B. Clark.

Brad Rhodes, Six

Celebrates Birthday

Mr. and Mrs. Rhodes entertained their son, Brad on the occasion of his 6th birthday July 8 with a birthday party.

The boys and girls had lots of fun playing games and were presented with party favors and candy. They enjoyed a lunch of hot dogs, potato chips and cold drinks and then in the day ice cream and cake was served.

Brad's presents were assisted by Miss Lee Ann Berryhill.

Guests were Mrs. Clarke, Kathy Corliss, Burke Battles, Lori Collins, Shelley Burke, Pat Roberts, Becky Rhodes, Lister Clarke, Gary Van Landingham, Harold Davis, Steve Horte, Robert Davis, Bryan Croft, Bubba Lindrose and Bubba Ward.

CARD OF THANKS

We wish to express our appreciation and thanks to the entire staff of the Belle Glade Memorial Hospital for their thoughtfulness and kindness and also our special thanks to everyone for the flowers, gifts, cards and visits.

Mr. and Mrs. R. E. Dason and Joyce

Enjoying Seven-Day Cruise

Bill and Mary Pennington and three children from Palatka visited their parents, Mr. and Mrs. C. T. Pennington and Betty several days last week and went on to Miami, where they flew to Nassau for the weekend.

Mrs. Pennington also had her grandchildren, Rodney, Marshall, Neil, Dale and Penny Pennington, with her. The Penningtons were on a fishing trip for several days.

Vacationing Here and There.....

Mr. and Mrs. Guy D. Wood, Jr. of 916 N. W. 4th St., Belle Glade, abroad the Luxury Steamship Ariadne, embarking at Miami for a seven-day cruise to charming Port Antonio and bustling Kingston, Jamaica, and quaint Nassau. The shipboard time, itself, was a vacation, with a completely planned, fun program, nightclubs, dancing and gala parties.

Mr. and Mrs. A. S. Brannon are in Muskogee, Okla., for the produce season. Mr. Brannon is with the Federal-State Inspection service and is with Mr. R. and sons in Muskogee Heights, Mich.

Mr. and Mrs. F. E. Hellingwood, grandsons of Gene Hollingsworth, have returned home after a three weeks vacation trip in the North. They spent two weeks with their daughter, Mrs. Elsworth Henry and family in Wayne, Pa. Enroute home they stopped for a night with Mr. and Mrs. D. C. DeHaven at Martinsburg, W. Va., and relatives in Macon, Ga.

Leaving Tuesday after visiting with the H. O. Carlton family were his sister, Mrs. J. M. Carlton and her daughter, Mildred West Brook, who returned to their homes in North Carolina.

Harold Brough, who has been recuperating from surgery, was able to return to his work this past week.

C. H. Tedder, Federal-State Inspection Supervisor is now working at Homestead for the summer.

Mr. and Mrs. Jim Brock of Mohr's Trailer Court recently visited relatives and friends in Alabama and Virginia. They report a fine trip.

Rev. and Mrs. W. Ann are visiting and vacationing for two weeks at Turnersville, S. C. and Enroute they spent time in Tallahassee to see their daughter Diane and son, George, students at FSU for the summer trimester.

Mr. and Mrs. C. T. Pennington and Betty left Friday for a vacation trip to Miami, Fla. and Enroute they spent time in Tallahassee to see their daughter Diane and son, George, students at FSU for the summer trimester.

Mr. and Mrs. Marvin Singleton and family have returned from their vacation. They had a wonderful time visiting in Alabama, Florida and Georgia.

A. C. and Mrs. Thomas Mann of Belle Glade have recently visited here with their parents, Mr. and Mrs. Arthur Mann and Mr. and Mrs. E. J. Cross respectively. Gary Mann returned with them for a visit until his parents pick him up enroute to Truman, Arkansas on June 28, for two weeks vacation.

Major and Mrs. Hollis A. Price and family have returned to the states from Germany where Major Price completed a year assignment. He is now stationed in Dallas, Texas, where he family will make their home.

Major Price is the brother of Mrs. Rickey Kinsman, and has other relatives in Belle Glade and area.

Recent guests for several days of Miss Sara Lee Creech were her sisters, Mrs. G. E. Durham and Mrs. L. W. Boon of Jacksonville, Fla.

Mr. and Mrs. W. K. Whitlick have returned from Zellwood, after the corn season was over in that area.

Mr. and Mrs. Edward King and children of Lake Worth visited about 10 days with her parents, Mr. and Mrs. Joe Friedheim, returning home the past weekend.

Mr. and Mrs. Elisee Johnson have returned home after spending 10 days in Jefferson Island, La., where they toured the state. They had a minor car accident while gone but just received a few scratches.

Personal Notes

Pat Fishler Attends Nat'l. FHA Meeting

Pat Fishler, daughter of Mr. and Mrs. D. H. Fishler, Belle Glade, attended the 1963 national meeting of the Future Homemakers of America held July 8-11 in Kansas City, Mo.

Pat, along with 1,100 other teenage delegates of this national organization of high school home economics students, participated in activities related to the meeting's theme, "Your Home: A Key to the Future."

Mrs. Stewart Udall, wife of the Secretary of the Interior, Washington, D. C., made the keynote address on this theme. Experts in home and family life addressed the delegates on individual growth, leadership qualities, decision making, and responsibilities of citizenship.

Pat on returning home said it was a most wonderful experience meeting all the girls from all over the U. S. I feel it was really a worthwhile and unforgettable experience.

I enjoyed the talk by the former President Harry Truman who spoke on "Unity in the home and family life," adding that it was all in inspiring an educational event.

Pat plans to major in some phase of Home Economics and was elected to the post of State FHA secretary in the spring. One girl from the Florida group was elected as National treasurer. She was Karen Rieger. There were 32 delegates attending from Florida.

College Self-Study Committee On Revision Meets In Palm Beaches

A committee of the Southern Association of Colleges and Schools to revise the College Self-Study Guide met in the Palm Beaches on Monday, Tuesday, July 15-16. The committee members are Dr. G. E. Metz, Dean of Clemson College, Clemson, South Carolina; Dr. Bruce Thomas, Dean of Trinity University, San Antonio, Texas; Dr. Harold C. Manor, President of Palm Beach Junior College; Dr. Gordon W. Sweet, Executive Secretary of the Southern Association; and Dr. Joseph B. Exell, Assistant Executive Secretary of the Southern Association.

Member institutions and colleges applying for membership the first time are required to complete a self-study prior to an actual visit by the association. The guide which assists in the preparation of this study will be re-written to conform to the revised standards recently adopted by the association. Meetings will be held at the Holiday Inn in Palm Beach on Wednesday, July 17. Junior College has been a member and accredited by the Southern Association of colleges since 1942.

Mr. and Mrs. N. T. Taylor have returned from visiting their son and family, Dr. and Mrs. Robert F. Taylor at Kingston, N. C.

BIRTHS

July 5: Mr. and Mrs. Robert L. Richardson (Sharon Bair) announce the birth of a son, Darrel Eric, weight 7 lbs., 1 1/2 oz. at Everglades Memorial Hospital, Pahokee.

June 28: Mr. and Mrs. Buddy Allen (Annie Powell) announce the birth of a son, Timothy Mark, weight 8 lbs., 10 oz. at Everglades Memorial Hospital, Pahokee.

July 13: Mr. and Mrs. Dean Alford (Laura Beth Warren) Belle Glade announce the birth of a son, Nolin at Everglades Memorial Hospital, Pahokee.

Mr. and Mrs. E. F. Allen had as the weekend home guests her sister and brother-in-law, Mr. and Mrs. L. L. Dryden of Sycamore, Ga.

CARD OF THANKS

We would like to express our heartfelt appreciation to all our friends and neighbors for their loving concern during the illness and death of our beloved husband and father. We especially thank Dr. B. B. Baker and the Belle Glade Memorial Hospital staff for the acts of consideration and kindness and also the Rebekahs and the ladies of First Baptist Church. For the food, flowers, cards and visits which were so deeply grateful.

Mrs. John C. Carr and Larry Carr

Attractive You

BY ALBERTA CULVER

A glamorous hairdo has often been compared to a rare and delicate orchid, inasmuch as they are both said to be "only good for one night." However, this need not be true with your favorite hair style when you follow this simple procedure.

Begin your hair style after you shampoo by using a good hair setting lotion Get Set Hair Setting Lotion, for instance, will hold your hair style longer and give your hair body. When you set your hair, make sure to include all hair ends in your rollers or clips.

Once you have your glamorous hairdo, you can keep it looking lovely for days without having to bother with nightly pin-ups. Just put on a hair net or hairdo cap before retiring to bed. It will preserve your hairdo — keep hair in place which usually means when you turn in bed. If you lose and turn

30 MILLION WOMEN

Education Determines Jobs and Incomes

TEACHER	SALESWOMAN
DESIGNER	HOME ECONOMIST
TECHNICIAN	SOCIAL WORKER
RESEARCHER	WRITER
NURSE	MERCHANT
DIETITIAN	BUYER

Within the next decade about 30 million women are expected to be holding down jobs, says the U. S. Department of Labor. Women make up about one-third of the total labor force of 75 million. Modern invention and technological advances will add new jobs to the wide span already being filled by women. Many positions are and will be in the home economics field where employees indicate that more professionally educated women are needed, and those trained in specific skills as well.

Projects in which 4-H Club members participate.

They start in 4-H as young as 9 years of age, and many remain for as long as 10 years. Volunteer adult and junior 4-H leaders supervised by the Cooperative Extension Service head the local clubs.

Helping to encourage these future home economists, scientists, writers, mothers, teachers and business women are two corporations that annually contribute funds, educational literature and technical assistance to the national 4-H clothing and the food-nutrition programs.

Scholarships Help

They are Coats & Clark Inc., which this year will help 12 girls with their college education by way of \$500 national clothing and clothing scholarship.

General Foods Corporation will give six \$500 scholarships to top-ranking club members in the 4-H food-nutrition program.

Chicago Delegates

Both firms are sending to Chicago as delegates to the week-long National 4-H Club Congress state award winners from all 50 states and Puerto Rico—102 in all. Here they will be honored by their hosts at elegant parties and banquets.

During the week-long congress these talented teens will hear prominent educators and noted speakers. Along with 1200 fellow 4-H'ers they will participate in several challenging and inspiring events. For most, it will be the first trip to a big city.

Coats & Clark and General Foods are two of the nation's leading private industry groups helping the youth of America achieve future goals.

Back In 1910— Buying Real Estate In The Glades

In the foreground, aboard the "Queen of the Glades" are Mr. R. S. Donaldson and his wife, Dolly, and Mr. John W. Mathewson, father of Jack Mathewson of Belle Glade. In those days buying mudflats was "gambling business" for City Folks, but this "sighing of the land" led to purchases by each of these families in the South Bay area. Mr. Donaldson kept some of this land until recent years. Following the death of each of their partners, Mr. Donaldson married Jack Mathewson's mother and they lived several years in South Bay and Clewiston. Mrs. Donaldson (Mrs. Mathewson) died in '49 and Mr. Donaldson now lives in Miami Springs.

PBC's First Annual Girls 4-H Short Course Held July 16-18

4-H'ers from all over Palm Beach County are meeting at the Mounts' Building July 16-18 for a three day short course. The following girls attending from the Glades area are Peggy Bittling, Canal Point; Jill Bowen, South Bay and Marilyn Stokes, South Bay.

All programs center around the theme "Prospecting for Careers." This is quite timely since the Career Exploration Project is one of the favorite 4-H projects for older girls.

The outstanding speakers and program participants are as follows: Tuesday Mr. Roger P. Hill, Asst. Economist for Extension Service at the University of Florida, spoke on "You and the 4-H Careers Exploration Project."

Wednesday morning, Miss Betty Stewart, Home Economist for Florida Power and Light discussed "You and the 4-H Electric Project." Afterwards they served lunch to the group.

Wednesday afternoon the group visited the New Taylor Finishing School and Modeling, where Mrs. Sally Harris was the instructor. She discussed, "A Prettier You in the 4-H Dress Revue."

Thursday morning Mrs. Alice Buell, Home Economist for Florida Public Utilities, will present a program entitled "You and the 4-H Foods Nutrition Project." She will then serve lunch for the group.

The final tour on the 18th will be held at Bartines where Mrs. Helen Donndoni will talk about "Prospecting for Careers in a Department Store."

Other program highlights will be the 4-H Senior panel discussion of State Short Course at Tallahassee and a Candle lighting Ceremony.

The group also enjoyed an afternoon of swimming and relaxing followed by a cookout at Barting Park.

IN SERVICE

Jeffie L. Mitchell, steward third class, USN, son of C. W. Mitchell of Lake Harbor, Fla., is serving aboard the destroyer USS Hunt on a 29-day cruise to Spain with other destroyers of Reserve Destroyer Squadron 34 engaged in a goodwill cruise labeled "Operation Handshake".

It is slated to end July 31. The assignment is unique in that Navy Reserves normally undergo two weeks active duty training instead of four.

In addition to the Hunt, the destroyers Robinson and Geare are carrying cargoes of clothing, books, tools, toys and other goods for Spain's needy organizations.

If a success this experimental goodwill cruise will establish a precedent for future Reserve cruises.

4-H Wildlife Camp Invite Teenagers

Boys from all over Florida are making plans to attend the 25th annual Boys' 4-H Wildlife Camp July 29-August 3 at 4-H Camp McQuarrie in the heart of the Ocala National Forest. Teenage boys who are active in 4-H Club work and have forestry and soil conservation as part of their projects are eligible to attend the one-week camp where they will learn more about our natural resources.

The annual event is jointly sponsored by the Agricultural Extension Service departments of forestry and conservation and the Federal Cartridge Corporation.

Ports of call during the cruise include Barcelona, Palma, Isla de Majorca and Ponta del Gada in the Azores.

Highlighting the camp will be a cook-out and tour of the Ocala National Forest made possible through the cooperation of the U. S. Forest Service. "The purpose of the tour is to broaden the 4-H boys' understanding of the forest and the wildlife which inhabit it," explains Gudwin.

"Leadership training will also be stressed," says Gudwin. "The 4-H'ers will actually run the camp through a camp council made up of cabin leaders and assistant cabin leaders. The camp council handles the assemblies, daily activities and makes suggestions for improving the camp," he explains.

The objectives of the Wildlife Camp are to develop in 4-H youth a better understanding and appreciation of our natural surroundings; to provide additional learning experiences re-

lated to conservation — human and natural resources; to aid 4-H'ers in acquiring skills in out-of-doors activities; and to give the 4-H boy an additional opportunity for leadership, citizenship and personal development.

FRESH New three bedroom house with Florida room, near school, South Bay. Low down payment. Keen Real Estate, Phone 924-2131 Jim Graham - Salesman. 7-18-47

Diamondback Rattler Dangerous in Florida

The diamondback rattler strikes more people in Florida than any other snake; more people are snake-bitten during warm months; and 82 per cent of those bitten were under the age of 40, a survey just completed by the State Board of Health shows.

The survey was made in cooperation with hospitals during 1962. The results are compiled in an article by Dr. Wilson T. Sowder, state health officer and George Gehres, accident prevention consultant, for publication in the June Journal of the Florida Medical Association. Dr. Sowder said snake-bite is not considered a major problem in the state. He said the survey was made primarily to determine the pattern so that efforts could be made to reduce snake bites.

Hospitals reported 277 bites during the year with three deaths, the latter all attributed to the diamondback. No bites were reported by the rarely-seen canebrake rattler.

The diamondback was responsible for 73 bites, the cottonmouth moccasin for 15, the copperhead 8, coral 7 and unidentified or non-venomous 98.

The results showed 53 bites or 34 per cent on fingers; 47 bites or 30 per cent on toes and feet. Fifty-six persons were struck on an open face, 15 in houses or buildings, 13 in gardens and 10 in weeds. Eighteen per cent of those bitten were trying to catch or kill a snake. Seventy-nine per cent of the bites occurred between 6 a.m. and 6 p.m. A high percentage of bites were in vicinity of homes.

First aid measures were carried out for two-thirds of the victims and almost all victims were taken quickly to hospitals for treatment.

Steamboating Days
(Continued From Page Six)

It was then that Goodno built his ice plant at Ft. Thompson, a mighty queer place for an ice plant, you may think but those Okeechobee catfish boats needed ice, and Goodno made \$1000 a month selling ice when the catfishing was good. The ice plant stood in the prairie 100 yards back from the water, and a train car on a wooden trestle carried the ice cakes down to the boat. In this prairie, to the westward, was all that remained of the old fort, just the stumps of the heart pine palisades where somebody had once cut a path to get the logs. The stumps remained there, too, still unrotted, until the government straightened out the river. Goodno started to build the Hoover Dam around the lake.

About 100 feet back from the plant was the home of Captain Hendry, a two-story house on a little mound near the edge of the hammock, unfurnished and unpartitioned inside, but yet a right good house for its day and time.

Goodno, not satisfied with having a hotel at LaBelle, built another one, the Ft. Thompson Park Hotel, in the hammock near the old Hendry house. Goodno himself now lived in. This new hotel was reserved for big shots and VIP's. It was a fancy place, and Edison and such. It was Goodno who got these two to plant the near-by prairies in golden rod in later years, trying to find a substitute for rubber. They made rubber alright, but it was too damned expensive and so they gave it up. But Ford bought the Everet Hotel in 1924 and changed the name to River-view. The hotel remained standing when fish boats, which had been running from the lake, the old Hendry house burned in the 1930's and nothing now remains of Ft. Thompson but the ice machinery's concrete base and the mound where Hendry's house once stood.

And that, my boy, was the Caloosahatchee in the old steamboating days. From Ft. Thompson slip on up to Lake Okeechobee the way was through flat open country, canals, and shallow lakes and drowned out prairies, with sometimes pines and hammocks way off in the distance. First came Lake Flirt, five miles by two, its hammocks had then been famous for their turkeys and deer, and the lake for its ducks and pink curlews. They say the lake got its name from the army's topical school-

named FLIRT, which brought some Seminole chasing soldiers up the river, the same schooner which had been on the East Coast when Dr. Perrine was massacred at Indian Key.

A canal led through that well-named Lettuce Lake and on to Bonnet Lake, full of water lilies and weeds. Then came Reedy Canal a five mile mess of cattails and moss. On it north side, near Bonnet Lake, was a place called Coffee Mill Hammock, nothing but a dozen cabbage trees behind a steep rock bank, but this was a favorable place for boatmen to tie up when darkness came down, for you couldn't run those shoal and unmarked channels in the lakes at night. Buried in this hammock were the remains of a man named Atkins who had been shot at Sugarberry Hammock and came floating down the canal. The hammock, so they say, got its name from a man who had been shot at Sugarberry Hammock and came floating down the canal. The hammock, so they say, got its name from a man who had been shot at Sugarberry Hammock and came floating down the canal.

Reedy Canal led miles wide by a sawgrass marsh. Although for politeness, Hichop was called a lake, in the boating days it was nothing but a thin skim of water spread over bottomlands, soggy-bottomed. Boatmen, when crossing it, would pump their engine's extra can of water along. Once there had been a dam at the lake's lower end to prevent startle's water from flooding the groves down river, but it had been blown out in 1903. Diston had dug a stub canal on each side of this like The mile long Woodyard Canal to pine timber was to get fuel for his dredge.

On the east side of the Nine Mile Canal to Sand Point, at Clewiston, was for a short and safe passage for the barges of firewood to the dredge in Ritta River. But the main channel from Hichopce to Lake Okeechobee was The Milk Canal. Here Lou Wood-bull's tin fishing shack was in 1908, the only building between Ft. Thompson and the g lake.

Where Three Mile Canal joined Lake Okeechobee was the only landmark for miles around in all that sawgrass marsh. The mile might first sight flat Hoopk Cypress at Liberty Point, with its base draped with moonvines over elder bushes, but

IN FLORIDA BEER IS A NATURAL

From nature's light grain comes sparkling, light beer... Florida's traditional beverage of moderation... it's light, sparkling, delicious. And naturally, the Brewing Industry in Florida is proud of the more than \$27,820,325 it contributes in taxes to the state of Florida each year... money that helps support our schools, our hospitals, and our roads. In Florida, beer belongs... enjoy it.

JULY 18, 1963 THE HERALD, Belle Glade, Florida Page 9

where a town has grown up at Three Mile Canal, with its tops as flat as if whacked off by a giant machete, and with an empty barrel nailed up in its branches.

Now the town of Moore Haven has the tree surrounded, and it's a good seven miles out the old channel to the open lake. The runabouts have quit and the steamboats are long come.
